Area of Specialization

I have multi-disciplinary aptitudes in different academics and avocational fields. While studying, I had equally excelled in the subjects of Political Science, Geography and Law. In LL.M and Ph.D, I had specialized knowledge in Constitutional and Administrative matters which still perpetuate in its core identity. As a law teacher, the area of specialization expanded to other legal subjects including Research Methodology. The area of specialization further travelled to the arena of administration while performing the duties of Head of Department of Law since 1982 to 2004 in Government Colleges continuously and from 2004 till 30-06-19 intermittently in the University besides being Chairman, Board of Studies, Dean of Faculty of Law, Member of Executive Council and Member of Institutional Ethics Committee and Expert Member for Selection of Professors/Assistant Professors, Registrars and Librarians in different Colleges and Universities.

As a Nodal Officer of the Chhattisgarh Government as well as of the University on the cases filed in the High Courts of C.G. and M.P. from 2002 to 30-06-2019 my legal acumen traversed further with authority to understand the modus operandi of institutional litigation.

Of late, I was privileged to be a participant and paper presenter in International research-oriented Conference (2018- Vth International Conference on Business, Economics, Law, Language & Psychology held at Nanyang Technological University Singapore during 15th -16th Nov. 2018 in which my presentation got kudos by the intellectuals of different participating countries.
